Metal-Halide Screen Printing Lamps

FEATURES

- Ideal screen exposure systems for freestanding and wall-mounted vacuum frames
- Instant-start multi-spectrum metal-halide screen-printing lamp
- Designed for high-production screen-exposure applications

M&R's 6K[™] multi-spectrum metal-halide screen printing lamps provide instant-start, shutterless operation for all freestanding and wall-mounted vacuum frames. 6K screen printing lamps provide uniform coverage on direct, capillary, and indirect emulsions. Each model features a precise controller/integrator with photo detector, pushbutton controls, and LED readout. The shutter-free operation of screen printing lamps eliminates warm-up time and the need for mechanical screen exposure components. Height-adjustable floor stands and heavy-duty casters are standard.

M&R is the world's largest manufacturer of screen printing equipment, and the online M&R Store features a wide variety of genuine M&R OEM parts and screen printing supplies. The NuArc line includes CTS computer-to-screen exposure systems, UV screen exposure units, lithographic imaging systems and free standing vacuum frames. All equipment from The M&R Companies is built with M&R's unsurpassed attention to detail and commitment to quality, durability, innovation, and design excellence, and is backed by M&R's unparalleled 24-hour access to service, support, and premium parts.
