

We invite you to be a
happy customer

A machine is more than just a machine. Oftentimes, it has a complicated construction that at the same time must be effective, durable and easy to handle and install, and use as few resources as possible.

Groenlund Machine Works manufactures functional, practical and economic machines in high-tech Scandinavian design. Several of our machines are industrial classics.

Our  not only stands for Groenlund and our many years of experience, but also for our good quality. Therefore we are confident that you will also be a satisfied Dane customer.

squeegee grinder manual

The classic and unique squeegee grinder

Experience

Classic, but still unique and advanced. The dane grinder manual was the first grinder to see production in the early seventies at Groenlund Machine Works. On a current basis new technology has been applied to this classic grinding machine which now also offers an option as dane grinder semi-automatic.

Functions

dane grinder manual is a high capacity all-round grinder for all squeegee types and materials. Furthermore the machine is equipped with our unique grinding system that prevents grinding particles from clogging while grinding and gives excellent cooling properties. The dane grinder manual is a proven classic machine with a unique and advanced grinding system, with high capacity and of excellent quality.

Operation

dane grinder manual is a grinder easy to handle and operate, and secures a short make ready time. In addition the latest option of a semi automatic machine would assure a more efficient and lower labour intensive operation.

Construction

The basic construction is manufactured of high quality steel and is produced in standard lengths of 1350, 1700 & 2400 mm. The machine is manufactured according to CEN NORM 1010-1/2 and is CE-marked.

Economy

Our squeegee grinder secures the lowest possible consumption of electricity which combined with a minimum of service and maintenance ensures a good economy and a fast return on investment.

If you want a squeegee grinder with a unique and advanced grinding system, with high capacity and of excellent quality and at the lowest possible cost, dane grinder manual is the perfect choice for you. Once you have chosen dane grinder manual, we are confident that you will also be a satisfied Dane customer.
