

UNLIMITED CREATION

APPLICATION INSTRUCTIONS

RoyalPuff

RoyalPuff looks like a normal flex film and can be handled in the same way. But under the heat press it foams up to a nice 3D effect. Its slightly adhesive liner makes precision weeding effortless.

FEATURES:

PU
water-
based

60 - 500µ

Cotton, polyester,
blended fabrics..
Less suitable for nylon
and other coated textiles.

40°C

CUTTING CONDITIONS:

Blade
30 - 45°

low/
medium

30 - 40 cm/s

2. Weed design

3. Transfer design

4. Done !

Due to the foaming, the colour becomes lighter, black for example becomes more anthracite.

Store in a cool and dry place; protect against the influence of light when stored. We recommend not to exceed a storage period of 12 months. The technical specifications rest on extensive tests and technical research. Due to the variety of possible influences during refinement, and use, the specifications should be viewed as reference values. We recommend a suitability test on the original material. A legally binding warranty of specific characteristics cannot be derived from our specifications.
