# HOUSEHOLD APPLIANCES INDUSTRY

TAMPOPRINT GmbH is a well-established partner of the European brand manufacturers in the sector of electrical household appliances. We have acquired a high level of know-how in this branch of industry. Our high-quality automations and standard machines are marking and printing every day countless housing parts and panels of any kind. Our automations are often in operation 24h a day.

Our pad printing and laser marking automations meet the highest quality requirements when used in multi-shift operation with high throughput speed. As far as special solutions are concerned, our project management has many years of experience also in this field.

Highest precision of the print image registration on convex, round or flat parts using the pad printing process, one to

multicolor, in colorful micro printing are a matter of course and meet the high standards of modern industrial products. Process monitoring using camera systems will secure the quality of your production.

Whether smallest parts, difficult shape formings or large-sized components, smallest texts and scales or colorful areas, TAMPOPRINT has the suitable automation as well as pads and printing inks tested by LGA (test institute based in Germany) for you.

Machine construction – simply "Made in Germany".

**V-90 DUO**

Application e.g. for clothes irons

**TSM 130 universal transverse doctor kit**

Washing machine panel

Applications

# For functionality in the household.

Applications

# HOUSEHOLD APPLIANCES INDUSTRY

**CONCENTRA 140-6**  
Jig with front cover

**TSM 130 universal transverse doctor kit**  
Jig with washing machine panel

**CONCENTRA 210-4**  
Jig

**CONCENTRA 210-4**  
Jig with washing machine panel

Applications

# HOUSEHOLD APPLIANCES INDUSTRY

## CONCENTRA 210-4

Front cover for tumble dryer

## HERMETIC Series

Application e.g. for casing of coffee machine

Linear automation  
with highspeed servo axis
