

SIMPLIFY YOUR PRINTING, SPEED UP YOUR PRODUCTION

Perfectly align any design, every time with the revolutionary ProPlace IQ™ projection alignment system. Made to maximize efficiency with the Hotronix® Dual Air Fusion IQ® heat press, this groundbreaking solution allows anyone to be a precision printer, optimize output, and reduce waste.

Simply upload your artwork to the Hotronix® Cloud system. With the click of a button, watch designs project onto the lower platen to streamline alignment, accelerate production, and minimize misprints. Just click, position, and press for unparalleled efficiency.

KEY BENEFITS

STREAMLINED PRINTING PROCESS

- Simplify your printing workflow for a more efficient operation.
- Achieve precision with the patented projection alignment system.

RAPID PRODUCTION

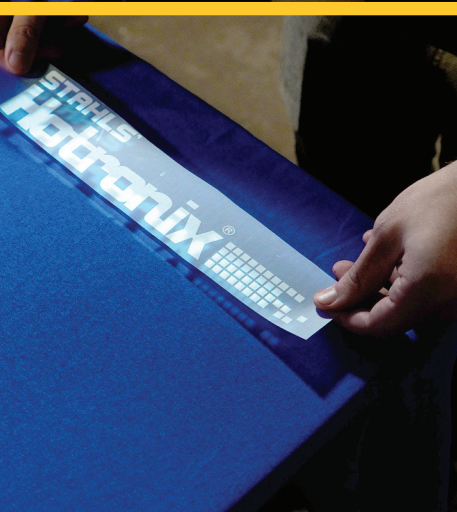

- Take the guesswork out of design placement.
- Accelerate production time by eliminating manual alignment steps.

WASTE REDUCTION

- Reduce misprints and errors, ensuring each design is placed perfectly.
- Minimize waste by optimizing alignment and eliminating guesswork.

EASE OF USE

- Train anyone to be a precision printer in a fraction of the time.
- Intuitive design placement for hassle-free operation.

HOTRONIX® DUAL AIR FUSION PROPLACE IQ™ FULLY INTEGRATED

PERFORMANCE

Wireless Communication via Fusion IQ® Portal

Navigation, Adjustment, & Storage
of Projection Images

Connectivity to External Systems

Supported Power within Machine

SPECS

Powered through Dual Air Fusion

240 Volt • 15 Amps / 3500 Watts

*Requires air compressor (not included)
with minimum 1 horsepower and 8 gallon
hold tank. Uses 3.8 CFM.*

SHIPPING

45" x 45" x 35" • 443 lbs
